

fi-6130Z enhancements

ScanSnap mode (Add-in)

For small-office and personal-use environments that need higher performance but prefer the 'alternative' ScanSnap driverless experience, the new ScanSnap mode add-in can be installed.

- One-button ease-of-use
- Fast PDF, S-PDF and JPEG imaging
- Ad-hoc Quick Menu operation
- Scan to editable Word and Excel
- Intelligent Image Handling
 - Auto color detect
 - Auto quality
 - Auto crop and skew correction
 - Auto rotation
 - Auto blank page removal

Scanner Central Admin

Reduce total cost of ownership with remote IT through effective central management of fi-6x30Z and fi-6x40Z document scanners

- Get instant status and alert monitoring
- Push out driver updates remotely
- Automatic email notification
- Simultaneous and timed deployment

Higher Scanner Performance

40 pages per minute (ppm) and 80 images per minute (ipm) at 200 dpi **Color**, Grayscale, and Monochrome vs. 30 ppm/60ipm

fi-6130Z / 6230Z	fi-6130 / 6230
40ppm / 80ipm	30ppm / 60ipm

VRS Upgrade to version 5.0

Enhanced Microsoft graphic user interface and upgraded hole fill technology
